ABOUT ME

I am Joy Chandra Das, an experienced software developer with over 3 years of hands-on proficiency in ASP.NET, SQL Server, and JavaScript. My strong foundation in front-end development, encompassing HTML, CSS, and Bootstrap, complements my skill set. Throughout my academic journey, I actively engaged in diverse activities, honing team management skills and bolstering self-assurance. With an unwavering passion for software development, I am enthusiastic about contributing my extensive experience and expertise to drive impactful solutions.

WORK EXPERIENCE

Software Developer

United Corporate Advisory Services Ltd. (UCAS) [01/10/2023 – Current]

City: Dhaka | Country: Bangladesh

Established on November 22, 2009, and operational since January 2010, United Corporate Advisory Services (UCAS) Limited excels in IT-enabled Services (ITES), particularly within the Capital Market. Their specialties include virtual AGM hosting, post-IPO management, and comprehensive share-processing solutions.

- **uHRM:** Working in many forms like salary setup, mobile allowance, travel allowance, employee profile with locally saved images, design reports using crystal reports, and also working in store procedure, trigger, function, and view in the database. I have used ASP NET MVC, Javascript, Kendo UI, and Sql Server.
- **uCRM:** Working in leads generation to sale management, created dashboard for viewing multiple filters in the admin panel, and designed many reports. I used ASP NET MVC, SQL Server, and Crystal Report.
- **Inventory Management:** Implemented product purchases, requisition, and product issues and confirmed by email using signal R.
- **uBroker:** Working in the Agent part to declare agent to the investor, agent commission, broker commission, and their report, chart of account, investor payment and collection, using store procedure, crystal report, asp .net mvc.
